## CYCLING MATINEE WINNERS.

INTERESTING SPORT FURNISHED AT FAIRMOUNT PARK YESTERDAY.

Fred Campbell Won the Half Mile Handlenp From Scratch and Ted Armstrong Won the Mile Open-Sporting News.

The first cycling matinee given at Fair-mount park by the Fairmount Cycling ociation yesterday afternoon was a pronounced success from the standpoint of good sport, though the attendance was small on account of its coming off in the middle of the week. The track was in excellent condition, as the management had promised it should be, and though a hard wind blew directly in the faces of the riders down the back stretch some exceedingly good time was made.

The races were admirably handled by the officials selected for the occasion and everything went off promptly and smoothly. There was only one spill during the after noon, Paul Rose getting a fall on the fifth

nately escaping without injury.

Fred Campbell was easily the star performer of the day, though the prizes were well divided. He won the half mile handicap, starting from scratch, and sprinting by everybody in the race in the fast time by everybody in the race in the fast time of 1:26 1:5, as fast an unpaced half mile probably as has ever been ridden over the track. The mile open was won in good style by Ted Armstrong. The final in this race had to be run twice, because the riders falled to get within the time limit at the first attempt. Fred Campbell easily rode the fastest unpaced quarter, negotiating the distance in 0:30 flat. Sam Bren went to establish a record for a flying quarter on the Fairmount track for professionals and covered the distance in 0:30 2-5.

quarter on the Fairmount track for professionals and covered the distance in
0:20 2-5.

The first event on the card, the mile
2:30 class, was run in heats. In the first
heat those who qualified were C. Watson, Harry Forbes and A. Brainard. In
the second heat the finish was C. A. Treadway, C. M. Lincoln, C. A. Pierce and L.
B. Elliott, four qualifying. Treadway won
his heat with ease and was a handy winner in the final, sprinting away from the
field in the last eighth.

In the two mile handlcap there was a
big field, with Fred Campbell and Ted Armsirong on scratch and the limit man on
the 330 yard mark. Campbell rode at a
fast pace for two laps, pulling Armstrong
up to the bunch, when he dropped, and
after another lap Armstrong also fell out
when he had apparently a good chance to
win. Harry Forbes had the most left in
him when the final effort came and won
handily, E. K. Allen just beating G. M.
Lincoln out for second place.

The third event was the mile open, which
was run in heats. Ted Armstrong easily
took the first heat, with H. T. Myers second and E. K. Allen third. In the second
heat the four who qualified were C. E.
Livers, Fred Campbell, C. A. Treadway
and Ed Morgan, who finished in the order
named. The final was first run unpaced
and the finish was Ted Armstrong, C. E.
Livers and E. K. Allen. The time was
2:54 2-5, and as Referee Moriarty had
placed a time limit of 2:40 on the race he
ordered it to be gin over. At the second
attempt Walter Brunner paced and the finish was Ted Armstrong, C. E. Livers and C.
A. Treadway in the order named, the time
being 2:34 2-5.

The half mile handicap, which was fourth on the card, was the prettiest race of the day. There was a large field, with Fred Campbell and H. T. Myers on scratch. Fred Campbell set a hot pace from the firing of the starter's pistol, and, cutting down the field one by one, caught the last man thirty yards from the tape and won in fine style in fast time.

The fifth event was the trial for the unpaced quarter, and, as shown by the summary below, Fred Campbell was the winner of first place.

#### TOOK ELEVEN INNINGS TO WIN. Blues Almost Caught a Tartar in an Amsteur Game at Hamil-

ton, Mo., Yesterday. Hamilton, Mo., Sept. 3 .- (Special.) The Kansas City Blues defeated the Taylor & Baker Blues, of Hamilton, Mo., in ar inning game. A crowd of 1,000 ple witnessed the most interesting ball

game ever played in this city.

No one anticipated that the Hamilton boys could make such a showing against a Western League team, and no doubt James Manning was never more surprised than when his men had played nine innings and

when his men had played nine innings and the score stood 2 to 3.

The star plays of the game were the long fly catches of Scanlon, Freeman and Clevinger, of the Hamilton team. Two double plays were made by the home team, both by Freeman to Lundy to Cooley. Had the umpire called Hatfleid out in the eighth inning, when he interfered with the ball, the score would have stood 3 to 2 in favor of Hamilton at the end of the ninth inning. Both pitchers had good coutrol of the lail, and were well supported by both teams. The winning run was made by Blanford by losing the ball in the weeds. The score by innings is as follows:

#### **DETROIT TIGERS HERE TO-DAY** It Will Be a Hot Game, With Callahan and Fifield as Opposing

Pitchers.

Another very interesting series will open at Exposition park this afternoon, when the Blues will meet the Detroit Tigers for the last time in Kansas City this season. The Tigers have a little the best of the Blues on the series, but the Blues cannot capture the series by taking all of the four games to be played now, but can pass Detroit and probably go into third place as well, so they will make a desperte effort to make a clean sweep, To-day's game ought to be a red hot one,

as the two star pitchers, Callahan and Fi-field, will be opposed to each other. The cripples of the Blues are getting well, and they will be in better shape than for sev-eral days past. Watkins, the new second baseman from Kentucky, will probably make his first ap-pearance with the Blues to-day. This will be Ladles' day.

Philadelphia, Sept. 3.—The Phillies again lost to Pittsburg through very inferior fielding. Both teams played an even game at the bat, but at critical moments the locals' fielding was decidedly yellow, Keener succeeded Carsey in the seventh, and in the eighth the Phillies caught onto Killen and punched him for a threeisagger, three twobaggers and a single. They could not overcome the lead, however, and fell fist in their last. Grady was ordered out of the game in the seventh for impudence. With the exception of a wild throw, and a dropped thrown ball by Davis, the visitors fielded excellently. Attendance 3,191. Score:

Hamilin's Mare an Easy Winner of the Flectwood Free-for-All.

New York, Sept. 3.—The 5,000 persons who attended the Grand circuit meeting at Fleetwood park to-day saw C. J. Hamilin's Gyear-old bay mare. Fantasy, defeat, with the utmost ease, all of the crack trotters of the free-for-all class now in training. She won as she liked in 2:094, 2:08 and 2:10. The outcome was a disappointment to horsemen, who had looked forward to a fast and furious contest between Fantasy and Kentucky Union, with Onagua and the others more or less dangerous.

The weather conditions were much more favorable for fast time to-day, although the track remained mealy and not at its best. A standstill break in the first quarter of the final heat was the means of bringing out a surprising burst of speed on the part of Beuzette, the crack Metropolitan trotter. She made the break soon after the word was given, and before Hickok could settle her she was more than a hundred yards behind the field, apparently distanced. But, striking her gait just hefore she reached the quarter pole, the splendid young mare fairly burned up the track in her rush to heat the fiag. Her speed seemed to increase as she breasted the famous Fleetwood hill. Horsemen set their watches going as she flashed past the half, and they timed her third quarter in 0:30%—a 2:01 gait on the heaviest upgrade to be found on any trotting track in the country. She not only saved her distance, but she beat Onagua in the heat, finishing close up to the field. The Visitors' stake for 2:19 trotters was an easy thing for the hig black mare, Derby Princess, who won in straight heats. The road mare, Wanda, owned by E. T. Bedford, of Brooklyn, was a contending factor in the last two heats, finishing close up. The race for 2-year-olds was equally easy for the Tennessee coit, Preston. Directum Kelly won second 200ey, forcing the gray colt out in 2:214 in the last heat.

Deerslayer Won a Stake.

New York Sept 2.—The attendance at Sheenshead Bay to-day was very light. The chief event was the race for the Autumn cup, at a mile and three-quarters. All but Deerslayer had enough of it before the distance had been run. Souffle showed the way to the back stretch, when Connoisseur came up. Then into the stretch Tarailed on iDutch Skater, but he could not withstand Deggett's rush on Deerslayer, and the latter won by a length after a drive.

PRINCE HILKOFF, IMPERIAL MINIS-TER OF RUSSIA, 18 COMING.

Paugborn will put the imperial minister, Prince Hilkoff, in Kansas City on the morning of the flower parade, and will give him an idea of how Kansas City does business when the question of relaxation is uppermost. An effort will be made to keep the prince here a couple of days and when he sees the flower parade he will no doube be glad to accept the invitation. There is great significance in the visit of the imperial minister. Russia is fast adopting American ideas and equipment of her railway lines and has also purchased at Philadelphia machinery for an entire new plant for building engines, which will be opened at Moscow with American workmen. These facts and the visit of the prince are complimentary to the American system and indicate a broadening of the scope of trade between the two nations. Russia is not alone in the effort to secure the American system. Prominent English railroad men are now in America on a tour of inspection and yesterday, at the request of the administrative council of Securing bids from Americans, United States Vice Consul Washington, at Cairo, Egypt, forwarded to the state department specification for furnishing any laying iron girders for the line to be built between Nag-Hamadi and Keneh.

our Ideas in Construction and Convenience Are Adopted.

Mr. W. M. Acworth, in a letter to the Railroad Gazette, dated London, says: "Steadily, and of late by no means slowly, our passenger rolling stock is being Americanized. A week or two back the Great Western, which has the longest mileage of any line in this country, introduced its first dining car, this time on the route between London and South Wales. Dining cars to the west of England are to follow in a few weeks. The Great Northern has just completed a pair of first and third class dining saloons for the London-Leeds service, each mounted on six-wheel borie trucks and connected by Gould vestibules and automatic couplers. The first class car is about \$2 feet and the third class nearly 66 feet in length, with a width of 2 feet and a height of 13 feet 4½ inches-dimensions which would have been thought quite impossible here only a few years back.

"The Northeastern has just brought out a new train for its local service, which is mounted on bogic trucks throughout, and it is understood that this company will in future build bogie stock only for its ordinary work. Jointly with the Great Northern and the North British the same company is responsible for two new trains for the east coast service to Scotland, which will apparently be more like the American trains than anything we have hitherto seen in England. Eight coaches, each on twelve wheels, with a total length of 530 feet, with Gould vestibules and automatic couplers througout, will have a total weight of about 270 tons and seating accommodation for 300 passengers. The bulk of the train will be on the compartment system, with corridors at the side, but one third class carriage will be somewhat of the nature of an American day car, for it will be divided only into three sections, seating respectively, twenty-three, sixteen and fifteen passengers, and the passage will be right down the center. Attendants on the train will supply tea, coffee and other light refreshments. It should be added that this train, a venience Are Adopted.

After the shooting Graves returned to his restaurant, where Officer P. J. Murphy, of and ranged downward through his lett-lung, causing internal hemorrhage, from which it is thought he will die. After the shooting Graves returned to his restaurant, where Officer P. J. Murphy, for the Grand avenue police, arrested him a few minutes later. He was taken to the

Grand avenue station, where he is held to await the outcome of Redmond's wounds. He is 31 years old, married and lives with his wife and one child at 1927 Charlotte Redmond, until Monday, worked as a porter in Charles Moore's barber shop, at 903 East Twelfth street. He lived at 2504 Washington street, but since his discharge from Moore's shop has taken his meals at Washington street, but since his discharge from Moore's shop has taken his meals at Graves' restaurant. His habit of putting his feet on the table and going to sleep after each meal annoyed Graves, and yesterday after luncheon, when Redmond went to sleep as usual, with his feet on the table, he called to Cora Davis, his cook, and said: "Cora, you will have to put up some placards in the room. 'No Loafing Allowed.' "Redmond heard the remark and began to curse Graves for his insinuation. Graves chased him out of the house and he went away, only to return in a few moments with renewed curses and threats against Graves. He walked past the place several times calling loudly and daring Graves to issue forth at his peril. He kept his left hand in his coat pocket and Graves, thinking he had a revolver, took his own weapon from a drawer and ran to the sidewalk. Redmond fied before Graves' advance until he reached a small pile of brick, several feet away, and was stooping to pick one of them when Graves fired three shots, and he fell mortally wounded at the third shot.

Redmond is 24 years old and unmarried.
